All Software4Joomla products are now Joomla 3.x (CB 1.9+ required) ready and continue to work on Joomla 2.5/1.5 environments also!

In order to clearly identify this we have released all products as version 2.0.x as follows:

- s4j New Users module version 2.0.0 (free for registered members)
- s4j Total Members module version 2.0.0 (free for registered members)
- s4j Users Online module version 2.0.0 (free for registered members)
- s4j Birthdays module version 2.0.0 (yearly single product or s4j bundle subscription)
- s4j Buddy List module version 2.0.0 (yearly single product or s4j bundle subscription)
- s4j Featured Members module version 2.0.0 (yearly single product or s4j bundle subscription)
- s4j Last Logged Users module version 2.0.0 (yearly single product or s4j bundle subscription)
- s4j Last Updated Profiles module version 2.0.0 (yearly single product or s4j bundle subscription)
- s4j Most Visited Profiles module version 2.0.0 (yearly single product or s4j bundle subscription)
